

Company Name: My Treasure Travel Adventures

Concept/Description:

Accomplish: What I plan to accomplish with this website overall is to create a great experience for users. This will be done by having images that convey and define what My Treasure Travel Adventures is all about. This website will be full of images, drop down menus, videos, neutral colors that will keep the user attention. This website will also give the user the ultimate user experience. This will allow user to book amazing travel tours and adventure around the world. And In return users will be able to post and share the adventure experience. There will also be quick links to Facebook, Instagram and twitter for user to share their experience on social media.
